WE ARE...

AdEx Partners was founded out of the drive to make complex transformation projects successful and to live management consulting differently. **Together with our customers, we define the goal and prerequisites for a successful transformation, develop tailor-made solutions and provide pragmatic support for implementation.**

As a **trusted advisor**, we support companies on both a strategic and operational level. **Independently, honestly and reliably**, we support our customers based on many years of industry knowledge, also in the area of line competence. Appreciative interaction and collaborative cooperation correspond to our self-image. Through **knowledge sharing**, we achieve added value that has an impact beyond the project team.

WE ARE LOOKING FOR...

a **(Senior) Consultant SAP Finance / Controlling with a focus on S/4HANA (m/f/d)** for the implementation of our customers' IT strategy with the following tasks:

- **Development of customer solutions:** Support in the development and implementation of tailor-made solutions for current challenges in the SAP finance /controlling environment, especially with S/4HANA.
- **Business process design:** Collaboration in the conception and integration of business processes in cooperation with specialist departments, taking into account international requirements.
- **Project support:** Support in the roadmap and concept development for transformation projects in the SAP Finance/Controlling area, including the planning of the IT architecture.
- **Coordination and collaboration:** Cooperation with specialist departments and IT teams, without direct management responsibility, but with the opportunity to provide technical support and further development to project employees.

WHAT YOU BRING...

Passion and enthusiasm are more important to us than certificates or references, but the following skills will help you to be successful with us:

- A degree in **Business Administration or Business Informatics**
- **Professional experience** - preferably in a consulting firm with extensive knowledge in the **SAP environment** (min. 3 years)
- **Initial knowledge** in the field of strategic conception as well as technical implementation of **SAP Finance / Controlling**, preferably using modern SAP solutions such as S/4HANA
- **Experience in direct interaction with decision-makers at all levels** regarding Process modeling, implementation and migration management in the SAP Finance / Controlling environment
- **Desire for project management organization and independent assumption of tasks (solution orientation)**
- **management, coaching, and leadership** experience in the IT sector
- **Project experience in both local and international markets**
- **Business-fluent language skills in German and English**, both spoken and written, and a **willingness to travel** within the ASG region

OUR OFFER...

We offer you exciting engagements with highly relevant issues and state-of-the-art technologies with well-known customers from upper medium-sized businesses to DAX corporations. In addition, you can expect a variety of other **benefits**, such as:

- A young, agile **hands-on company** with a great deal of creative freedom and **flat hierarchies**
- Performance-based, transparent **bonus system**
- Flexible working hours incl. **remote regulation**
- **Employee assistance program** to support employees in all areas of life
- Individual **training** and personal **coaching**
- **Bike leasing** and fitness with EGYM Wellpass
- **Latest hardware** (choice of smartphone) - also for private use
- **Corporate events** such as regional regulars' tables, annual kick-off and the legendary Family & Friends summer event
