Example Cases

Selected engagements showcasing strategic, digital and organizational impact

- Software selection and implementation of CRM tool (e.g. Salesforce)
- Support digital transformation and change management in the company
- AI use cases for people working with care leavers
- Building a structured and effective culture that uses agile methods to work in a dynamic, healthy and skills-focused way
- Development of a strategy roadmap for the upcoming years
- Advice on various topics: onboarding, knowledge management, Microsoft Tools, compliance and data security, IT structure progress

Voices of Participants

“Committed, motivated, goal-oriented joint work by people with a wide range of skills, experiences and perspectives can be infinitely effective in sustainably advancing social impact.

UN-Label e.V.

“Thanks to AdEx Partners, we discovered a lot of new powerful tools and solutions. By streamlining our processes and improving our digital competencies, we are now more efficient and better equipped to create meaningful impact.

Impact Week

Voices of Participants

“This was fantastic! Professional, appreciative and motivated advice and support – something we desperately need and could hardly afford without the Digital Bootcamp!

Micha Deutschland e.V.

Micha
DEUTSCHLAND

“The collaboration with AdEx Partners was invaluable. Thanks to their expertise, we were able to optimize our CRM processes, strengthen our relationships with partners and stakeholders, and implement an internal cultural change process.”
